# PERFECT STRENGTH

## About Us

At Pinox, design is more than just appearance it's a fusion of aesthetic appeal, ergonomic comfort, and material integrity.

Each product is meticulously crafted from SS304 stainless steel, offering superior corrosion resistance and enduring strength ideal for both interior and exterior applications.

Our design language spans across sleek contemporary forms, bold geometric lines, and timeless classics, catering to diverse architectural themes. Whether it's a minimalist handle for a modern kitchen or a statement mortise for a grand entrance, every piece is thoughtfully sculpted for everyday excellence.

WELCOME

## Why STEEL Matters Strength You Can Feel

When it comes to architectural hardware, material makes all the difference. That's why our handles are forged from high-grade SS304 stainless steel a material known for its exceptional strength, corrosion resistance, and long-term reliability.

Unlike regular alloys or plated metals, SS304 steel offers superior load-bearing capacity and resists rust, tarnish, and wear. This means your handles won't just look good over time they'll stay strong, secure, and smooth in function through years of daily use.

With Pinox, you're not just investing in design you're investing in the enduring power of pure steel.

# 2025 COLLECTION

Our range caters to a variety of tastes from sleek, minimalist handles for modern interiors to robust mortise designs that reflect strength and style.

With growing demand across India and abroad, Pinox continues to expand its presence, fueled by the vision to deliver architectural hardware that is not only built to last, but built to inspire.

When you choose Pinox, you don't just select a product you invite decades of metalworking mastery, design thinking, and a relentless pursuit of perfection into your space.

## One Design. Endless Possibilities.

Introducing the Pinox Design Deck Series where harmony meets versatility. Our thoughtfully curated collections offer door handles, cabinet pulls, mortise sets, and knobs all in a single unified design and finish.

Created for architects and homeowners who believe in visual consistency, the Design Deck ensures that every door, drawer, and cabinet in your space speaks the same design language.
